**DETACHMENT H**

**27 March 1967**

**STANDARD OPERATING PROCEDURE**

**H-10-10 - This Supercedes H-10-10 dated 27 July 1966**

**OPERATIONAL MISSION ALERTS**

- I. **PURPOSE:** To set forth procedures to be followed when alerted for an operational mission.
- II. **SCOPE:** Provisions of this SOP apply to all security personnel.
- III. **RESPONSIBILITY:** The Chief of Security is responsible for insuring adherence to the provisions of this SOP.
- IV. **PROCEDURES:**
  - A. The night before an operational mission, a second Security Assistant will assist the regular Security Assistant from 1800 - 2000 hours. The second Security Assistant will escort the char force and perform security checks. The regular Security Assistant will remain at his post on the hangar floor in order to keep the mission aircraft under visual surveillance. He will note in his Daily Activity Log the periods of time when he is away from his post.
  - B. Deleted.
  - C. A set of sterilization checklists will be prepared and the Security Assistant will insure they are signed by the responsible personnel. He will note the time that they are turned in to him on the cover sheet.
  - D. While at the flight line before the launch, the Security Assistant will record the names of those personnel who are on the scene.

**S E C R E T**

S E C R E T

- E. The Chief of Security will notify the Detachment Commander when all sterilization checklists are completed.
- F. The checklists will be placed in a folder to be retained in the Security Office for approximately six months.
